

TURNBULL CLAN ASSOCIATION, INC
TURNING THE BULL
(as of June 3rd, 2007)

Brought forward	\$ 320.00
Robert A. Turnbull	200.00
Dennis Turnbull	5,000.00
Adrianna Bonewitz	200.00
TOTAL	\$5,720.00

Mark Turnbull moved acceptance of the reports and Bonnie Nipar seconded the motion. All in favor.

Brian Turnbull gave his report as Vice - president and Webmaster as follows: he gave a list of what is available to view on the website and asked for historical contributions of any size since there is unlimited space available. Turnbull Who's Who list keeps growing so keep the information coming.

There are 55,000 names in the genealogy sector and 3,500 visits per month. Brian next mentioned the potential of DNA Project involvement and the need for volunteers to step up and help to get it going. Carol (Turnbull) Kugler asked how it would be done and how much we could expect it to cost. Bill and Pat Trimble referred to the Elliott's Border DNA Project which they heard about at the Western Highland Games. After discussion Kim Trimble proposed and Fred Turnbull seconded the motion to proceed with the project. All in favor.

We are very fortunate to have Robert Turnbull as a volunteer to oversee this project since he is a biologist.

Betty Turnbull spoke as editor of The Bull's Eye asking for assistance with editing and distributing our monthly news. We are also fortunate to have Adrianna Rosado Bonewitz who has volunteered as her assistant. Betty is looking for contributions on any subject which may be sent to her at editor@turnbullclan.com

We then moved on to miscellaneous business which had been requested in advance of our meeting by members present. Gordon Turnbull asked about records and artifacts in the hands of members and officers. We were reminded that Mark Turnbull in New Hampshire is the designated archivist for the Clan. Discussion around museums and having a depository for artifacts could be looked into and we discussed the plan of a "Virtual" museum on line also but this project would need volunteers to document everything. Files could be sent to the webmaster as PDF files with the following information: Title, date, description and source and any Identification to go with it. Help is needed with this one!

Bill Trimble thanked Wally and Betty for all their hard work in preparation for our trip and the wonderful experience for all of us present.

The meeting was adjourned by Betty and Mark Turnbull at 11:02 p.m. GMT or 6:02 p.m. EDT.

Respectfully submitted, Gail Turnbull for the secretary.
